100% GROHE CUBE BATHROOM

Completing The Cube Bathroom. True square design from GROHE.

Building on the worldwide success of the Eurocube range of mixers, Euphoria Cube showers and Essentials Cube accessories, GROHE now completes the Cube bathroom with a range of thermostats and thermostatic shower systems, ensuring comfort, safety and style for bath and shower.

For a sharp, tailored look in your bathroom GROHE Eurocube offers an extensive choice of one-handmixers and accessories featuring true square design for the basin, bidet, shower and bath. Across the range, cut-out detailing on the lever handles gives each piece a light, minimalist look ideal for the modern bathroom.

Perfectly coordinated with Eurocube, Euphoria Cube showers with Rain spray pattern are equipped with GROHE DreamSpray® technology and are available in chrome finish plastic or metal body.

Now the last piece of the set is complete with the addition of Grohtherm Cube, a range of thermostats designed to offer unrivaled safety and eco features with the same smart Cubist design details.

GROHTHERM CUBE BEAUTY & BRAINS

Beauty. The new minimalist Grohtherm Cube thermostat series sets a new standard in 100% square design. Aligned to the design needs of today's cosmopolitan men and women, Grohtherm Cube offers cutting-edge, geometric styling at an affordable price.

Brains. Grohtherm Cube is equipped with the most advanced precision-made cartridges in the industry, our GROHE TurboStat® engine. By increasing the sensitivity of the thermo-element, our thermostats react to changes in water pressure twice as fast as before, resulting in a safer and more comfortable bath and shower experience.

ENJOY CUBISM TO THE LAST DETAIL

For years, GROHE has been synonymous with thermostats for the bathroom, with over 30 million sold world wide. With the launch of this new thermostatic range, GROHE offers innovative design combined with the highest quality standards. From its Cubist design and its water-saving options to the smart EasyReach™ soap tray - the new Grotherm Cube thermostats and shower systems offer full enjoyment to the last cube detail.

GROHE Aquadimmer® Eco **NEW**
A water-saving function
for bath and shower.

GROHE EasyReach™ **NEW**
Easily accessible storage by
optional shelf. Easy to clean.

GROHE TurboStat®
For a perfect water
temperature at all times.

GROHE XL Waterfall **NEW**
Wide bath spout with XL-size
silent water flow.

ALWAYS THE RIGHT TEMPERATURE FAST & PRECISE – GROHE TURBOSTAT®

GROHE TurboStat® is a proven piece of GROHE technology that lies at the heart of the new thermostat. It ensures the desired water temperature is reached very precisely and – most importantly – it reacts instantly when the pressure drops to avoid the risk of scalding.

The Cube handles are easy to use, even with soapy hands, and all thermostats have a 38 °C SafeStop override button to prevent scalding.

PERFECT WATER CONTROL NEW

50% economy, 100% enjoyment. With Eco-options integrated into all Grohtherm Cube products, you can always enjoy a refreshing shower and a relaxing bath with just the right amount of water.

With GROHE Aquadimmer Eco, it's easy to switch between hand shower and head shower or bath spout, while the integrated override EcoButton makes saving water effortless.

The beautiful XL WaterFall fills your bath much faster, so you can enjoy a relaxing bath all the sooner.

GROHE, your perfectly controlled water flow.
