Tempesta™

Superb Performance... Classic Design

The Tempesta shower head and hand shower have been built to withstand the rigors of day-to-day, year after year use. Tempesta features a wide 3½" spray face to create a very satisfying shower with maximum water coverage and no empty or "dry" spots. Tempesta offers superb showering performance, ideal for commercial and residential applications.

Performance Features:

- **GROHE DreamSpray®** Technology – advanced shower engines efficiently distribute an equal, consistent flow of water to every single nozzle for a shower experience that is second to none
- **GROHE StarLight®** Technology for a deep, lustrous long lasting chrome finish
- **GROHE CoolTouch®** Technology creates a thermal barrier between the hot water and the surface of the hand shower
- **SpeedClean®** anti-lime system – a simple wipe of a finger is all that is needed to remove limescale and maintain "like-new" performance
